Re: 15 Sami Ct
Request for Variance

Dear Board Members:

We are writing this letter as part of our application of a request for variance. We request the variance to construct an addition of a bedroom and bathroom to allow for a family member to live with us and be able to care for them. This space is needed as to not create unnecessary hardship on our family.

We respectfully request that the board grant this variance.

Thank you for your time and consideration.

Respectfully,

Matthew Kisver for
