TOWNSHIP OF MARLBORO
Zoning Board of Adjustment

- VARIANCE APPLICATION -

1. Identification of all sections of zoning ordinances from which relief is sought.

I'm looking for the setback of 25 feet to be adjusted to fit the new shed I'm looking to add. I was hoping to have the setback at a minimum of 5 feet from the rear and side of my property lines.

2. Statement of reasons why variance(s) is/are needed.

The variance is needed because of the requirements of the fence around my property. The shed is going to be located in a extremely undesirable location on my property.
